

Education

- **Beihang University** Beijing
B.S. Software Engineering, B.S. Applied Mathematics, M.S. Software Engineering 2008 - 2014
 - Student coach of BUAA ACM/ICPC team
 - Organizer and problem provider of BUAA Computer Programming Contest

Achievements

- **ACM International Collegiate Programming Contest World Final** Rank27
Design algorithm and program to solve the given problem with 2 partners using C/Java 2013
- **ACM International Collegiate Programming Contest Asia Regional** Rank5
Design algorithm and program to solve the given problem with 2 partners using C/Java 2012
- **Beauty of Programming National Invition Contest** Top30
Pairing Program: Data Analisis and and Virtualization of Bing Search 2013
- **Star of Perfect National Invition Contest** rank4
Group Program: Develop applications on smart phone 2013

Skills

- **Development:** C/C++, Java, C#, Python, PHP.
- **Interest:** Algorithm, Machine Learning, Personalized Recommendation, Deep Learning.
- I'm curious about new technologies, love to try new things, and good at implementing new ideas.

Projects

- **Presentation Aid System Based on Kinect** 2011-2012

Social Activities

- Student coach of BUAA ACM/ICPC team, maitaining web servers for the team

Personal Information

- **Hobbies:** Sanguosha, badminton
